Process we follow

① You provide CAD drawings, 3D models materials references inspirational images

② We do the estimates and a draft production schedule, then terms and conditions agreed

③ Project's grey model is built and forwarded to you for your comments

④ Revisions applied and we add colours | textures

⑤ Test renders go back to you for comments/mark-ups

⑥ We implement your comments and get your approval to produce final renders

Depending on the value of the project we offer from 1 to 3 free revisions
